# Town Warrant

---

THE STATE OF NEW HAMPSHIRE

---

*To the Inhabitants of the Town of Peterborough, in the County of Hillsborough in said State, qualified to vote in Town Affairs:*

You are hereby notified to meet at the Town House in said Town on Tuesday, the eighth day of March next, at eight-thirty of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To choose Two Delegates to a Convention to revise the Constitution of the State to be held in Concord, N. H., May 11, 1938.
3. To raise such sums of money as may be necessary for the maintenance of the poor, for the laying out and repairing of highways, and for all other charges arising within the Town and appropriate the same.
4. To raise and appropriate such sums of money as may be necessary for the support of the Fire Department, the Public Library and Memorial Day.
5. To see what sum of money the Town will vote to raise and appropriate towards paying the Town debt and interest.
6. To hear the reports of agents, auditors, committees, or officers heretofore chosen, and to pass any vote relating thereto.
7. To see if the Town will vote to instruct the Selectmen to appoint a Police Officer, or as many as may be necessary, to preserve order in and about the public places of the Town, and to perform other duties as may be required by the Selectmen, both day and night, and raise and appropriate money for the same.
8. To see if the Town will vote to accept legacies and gifts given to the Town in trust by any individual or individuals.

9. To see if the Town will vote to raise and appropriate the sum of Seven Hundred Thirty-five Dollars and Thirteen Cents, (\$735.13), provided the State gives Twenty-nine Hundred Forty Dollars and Fifty-three Cents (\$2940.53) for Town Road Maintenance and construction of Class Five Highways.

10. To see what sum of money the Town will vote to raise and appropriate for the reconstruction of Concord Street or Granite Street or take any other action relating thereto.

11. To see what sum of money the Town will vote to raise and appropriate for the construction of a new tool house on Summer Street or take any other action relating thereto.

12. To see if the Town will vote to authorize the Selectmen to sell the present Tool House and land and give a proper deed of the same or take any other action relating thereto.

13. To see what sum of money the Town will vote to raise and appropriate toward the procuring of land, the removing of obstructions, and the construction of a Peterborough Airport on or near the Evans Flat. Land and obstructions to be procured by gifts, purchase, or eminent domain proceedings or take any other action relating thereto.

14. To see what sum of money the Town will vote to raise and appropriate for the expense of Supervision and materials on proposed projects to be undertaken through Public Works Administration or Works Progress Administration.

15. To see what sum of money the Town will vote to raise and appropriate toward a complete survey and mapping of the entire Town.

16. To see what sum of money the Town will vote to raise and appropriate toward paying for Electricity, both for power and lighting purposes to be used at the new Swimming Pool on Union Street.

17. To see what sum of money the Town will vote to raise and appropriate for expenses of the Town Zoning Commission and Planning Board.

18. To see if the Town will vote to adopt the Zoning Ordinances as recommended by the Zoning Committee and raise and appropriate money for the same or take any other action relating thereto.

19. To see if the Town will vote to raise and appropriate the sum of \$400.00 to the Monadnock Region Association of Scenic New Hampshire for issuance and distribution of printed matter, newspaper and magazine advertising, calling attention to the resources and natural advantages of the Town, in cooperation with the other thirty-seven towns in the Monadnock Region.

20. To see what sum of money the Town will vote to raise and appropriate for the Celebration of the Anniversary of the ratification of the Federal Constitution by the State, June 21, 1938, said sum to be expended under the direction of the Selectmen.

21. To see what sum of money the Town will vote to raise and appropriate for the suppression of Gypsy and Brown Tail moths, White Pine Blister Rust, or any other insect or pest.

22. To see what sum of money the Town will vote to raise and appropriate toward the repair of the Miller Road.

23. To see what sum of money the Town will vote to raise and appropriate toward relocating the course of the Old Mountain Road, and constructing the same, from a point opposite the Larson Property to Sand Hill Road.

24. To see what sum of money the Town will vote to raise and appropriate toward installation of Shower Baths in the Town House or take any other action relating thereto.

25. To see what sum of money the Town will vote to raise and appropriate toward the installation of a public Toilet in the Town House or take any other action relating thereto.

26. To see if the Town will vote to rebuild any portion or all of the cement sidewalk on the Westerly side of Concord Street from a point South of the residence of Mrs. Jessie Field and extending to a point near the residence of George Garnham, or take any other action relating thereto, and to raise and appropriate money for the same.

27. To see what action the town will take in relation to the acceptance of any proposition that may be presented by any person, persons, Committee, or Trustees, having in view the construction of an addition to the Town Library either as a gratuity on the part of individuals, committees or Trustees or the bearing of a part or all of the expense by the Town, or to appoint any Committee or raise and appropriate any sum of money to be expended in the purchase of a lot, or take any other action in relation to the library or any addition to and a lot for the same.

28. To see what sum of money the Town will vote to raise and appropriate toward the construction of a cement sidewalk on the West side of Summer Street, beginning at a point opposite the residence of John Downing, and extending to a point opposite the residence of Earle Naglie, or take any other action relating thereto.

29. To see what sum of money the Town will vote to raise and appropriate toward installation of one light on Main street.

30. To see if the Town will vote to discontinue the following Public Highways:

- a.) South Road, from Old Mountain Road to Hughes Road.
- b.) Clubby Scott Road, from Middle Hancock Road to Windy Row Road.
- c.) Former Jaffrey Road, from Waite's Corner to former Railroad Crossing near Noone's Mill.
- d.) From Windy Row near residence of Fred Gilchrest, to Harrisville Road near Howieson Residence.
- e.) Highway leading from Greenfield Road near Simonds' Barn to the Old Greenfield Road.

31. To see what sum of money the Town will vote to raise and appropriate to extend the Town Water System on Summer Street from a point opposite Tenney Drive Way to a point opposite residence of Earle Naglie.

32. To see if the Town will authorize the Selectmen to administer or dispose of any real estate acquired by the Town through Tax Collector's Deeds.

33. To see what sum of money the Town will vote to authorize the Selectmen to borrow in anticipation of taxes.

34. To see if the Town will transact any other business that may legally come before this meeting.

Given under our hands and seal, this Nineteenth day of February, in the year of our Lord, Nineteen Hundred and Thirty-Eight.

FORREST C. MERCER  
CAREY A. WALBRIDGE  
HARRY F. SMITH  
Selectmen of Peterborough

**BUDGET OF THE TOWN OF PETERBOROUGH, N. H.**

Overdraft	\$144 89

EDWARD ELLINGWOOD  
Acting Treasurer

The Committee accomplished a great deal of permanent work this year. As there was no more use for the bath houses, they were moved to the rear of the grandstand, using one for housing tools and equipment, and the other as a recreation and dressing room. The only place in the past has been under the grandstand, which was damp and inadequate.

The baseball in-field needed new loam and several dangerous conditions were cleared in the out-field, as well as new wire put on the front of the grandstand which insures safety for the people.

When moving the buildings, the floor and some timbers were found to be rotted, so that replacement of the same, new windows, re-roofing, painting and the additional loam caused the small overdraft by this committee.

Due to the interest of John Ramsey and Sherman Flynn, more was done than could have been under standard prices.

EDWARD ELLINGWOOD  
For the Committee

**STATEMENT OF OLD AGE ASSISTANCE**

Paid to recipients of O. A. A.:	
December, 1936, amount	\$171 20
January 1, 1937 to December 1, 1938	5,509 06
<hr/>	
Total disbursements	\$5,680 26
State and Federal allowance	\$3,084 70
Credit from 1936	2 86
<hr/>	
Total credits	3,087 56
<hr/>	
Net amount paid by Town of Peterborough	\$2,592 70

During the past year the Town of Peterborough paid 80% of direct relief to Town cases, the State paid 20%. County cases are paid for by the County Commissioners.

47½% of Old Age Assistance was paid out of town funds up to September 1st, 1937. Our payments now are 25% of the total disbursements, the balance being paid from State and Federal funds.

In addition to Direct Relief and Old Age Assistance we have forty-two men on W. P. A. with a payroll of \$2,000 a month. The total payments made by W. P. A. during the past year for the town of Peterborough were \$19,122.50. This has been of great help in reducing the direct relief load.

We also receive a considerable amount of food and clothing from the Federal Surplus Commodities Division.

GEORGE WOOLLETT, Overseer of Poor

### Trustees of the Weston Memorial Fund

**AUDITORS' REPORT**

We the undersigned auditors of the accounts of the Town of Peterborough, N. H., hereby certify that we have carefully examined the foregoing accounts of the officers, committees, and others having charge of monies for the year ending January 31, 1938, Pages 91 to 135 inclusive, with the exception of the Weston Memorial Fund Account, the James C. Smith Fund Account, and the Amanda Richardson Fund account, and find them correctly cast and properly vouched.

MAURICE H. NICHOLS

CHARLES M. LARRABEE

Extra copies of magazines have been given by Mr. Malcolm Gallup, Miss Fanny Greene and Mrs. John Lindsley.

Flowers have been given for the Reading Room by Dr. C. H. Cutler, Mrs. H. F. Dow, Mrs. C. W. Harrington and Mrs. Arthur Wilder.

Periodicals and newspapers bought for the reading room: Adventure; American Boy; American Cookery; American Home; American Magazine; Antiques; Arts and Decoration; Atlantic Monthly; Better Homes and Gardens; Bird Lore; Boys' Life; Cosmopolitan; Current History; Etude; Flower Grower; Forum; Fur-Fish-Game; Good Housekeeping; Harpers Magazine; Hobbies; House and Garden; House Beautiful; Hygeia; Illustrated London News; Ladies' Home Journal; Life; Literary Digest; McCall's Magazine; Mekeel's Weekly Stamp News; National Geographic Magazine; National Sportsman; Nature; News-Week; Parents' Magazine; Photoplay; Pictorial Review; Popular Aviation; Popular Mechanics; Popular Science; Readers' Digest; Saint Nicholas; Saturday Evening Post; Saturday Review of Literature; Scientific American; Scribner's Magazine; Survey; Time; Travel; Vogue; Woman's Home Companion; Yankee; Boston Wednesday and Saturday Evening Transcript; Manchester Union; Sunday New York Times.

Periodicals and newspapers given to the Reading Room:

Advance, Woman's Society of the Union Congregational Church; Airwoman; American Forests, Miss Anna L. Prichard; American Issue, American Issue Publishing Co., Washington, D. C.; American Legion Monthly, Mrs. Robert E. Walbridge; Bell Telephone Quarterly, New England Telephone and Telegraph Co.; Bulletin

of the American Society for Control of Cancer; Christian Register, Woman's Alliance of the Unitarian Church; Christian Science Monitor, Mrs. John J. White; Columbia, Knights of Columbus; Daughters of the American Revolution Magazine, Peterborough Chapter D. A. R.; Dupont Magazine; Guernsey Breeders' Journal, The American Guernsey Cattle Club; Health, State Board of Health; Horticulture, Miss Marcia Zieget; The Household Magazine; Independent Woman, Business and Professional Women's Club; Life and Health, New England Sanitarium, Melrose, Mass.; Living Church, Mrs. William H. Schofield; Missions, Miss Flora J. Tubbs; National Humane Review, Miss Fanny Sturgis; National News of the American Legion Auxiliary; New Hampshire Issue, New Hampshire Anti-Saloon League, Concord, N. H.; Our Dumb Animals, Massachusetts Society for the Prevention of Cruelty to Animals; Osteopathic Magazine; Peterborough Transcript, Transcript Printing Co.; Red Cross Courier; The Rosicrucian Magazine; Rotarian, Peterborough Rotary Club; Specialty Salesman Magazine, Mr. H. J. Bligh, Milwaukee, Wis.; Telephone Quarterly and Telephone Topics, New England Telephone and Telegraph Co.; Trained Men, International Correspondence School, Scranton, Pa.; Troubadour, State Planning and Development Commission; Watchman, Seventh-day Adventist Church.

During the past year the usual activities have been carried out at the library.

Book Week was observed and a display of children's books was again shown at the Public Service Store, the theme, this year, being "The Magic Highway to Adventure," these books covered the wide-ranging interests of the modern child.

Since my last year's report, the retaining wall has been finished, and the grounds landscaped.

Over three thousand books have been read by the pupils from those loaned by the library to the teachers, for school room use; while this is a wonderful help to the teachers, being able to borrow these books, it must be remembered that 50 per cent of the boys and girls in the United States leave school before they reach high school, and that many of those who drop out try to continue their education through books secured from public libraries, hence the opportunity comes to the teacher to cultivate the habit in the boys and girls of using the library, so that after leaving school they may not only know where to go to get educational help, but make life more enjoyable and worth while.

At this time we wish to express our thanks to the principal and teachers of the Grade Schools, for their co-operation along this line.

From the first through the sixth grades, 93 children have library cards and are taking out books.

Respectfully submitted,

MARTHA E. CUTLER, Librarian

***Report of Chief of the Fire Department***

TO THE SELECTMEN OF PETERBOROUGH, N. H.:

Gentlemen:

As Chief of the Fire Department, I submit my report from February 1, 1937 to February 1, 1938.

Alarms:	
Building fires	7
Chimney fires	1
Out-of-town fire	1
Miscellaneous fires	3
Grass fires	4

Still Alarms:	
Chimney fires	13
Grass fires	5
Miscellaneous fires	3
	—
	37

As Forest Fire Warden, I have issued 75 written and oral fire permits. There have been very few brush fires this year and little damage was caused.

Respectfully submitted,

JOHN V. PEARSON, Chief

### ***Engineer's Report of Town Surveys and Mapping***

Article 12 of the Town Warrant submitted to the Voters of the Town Meeting of March 9, 1937: "To see what sum of money the Town will vote to raise and appropriate toward a complete survey and mapping of the entire Town." The article passed, and three hundred (\$300) dollars was appropriated. Frederick Phillips, who submitted the report which appears on pages 120-121 of the Annual Reports of the Town Officers of Peterborough, N. H., for the year ending January 31, 1937, was authorized by the Selectmen to continue the surveys and mapping, from the stage of the work arrived at, as outlined in the Engineer's Report aforesaid.

Field Surveys have been added, described as follows:

***Union Street:*** From a point opposite the bridge leading to the Truman Dean house (formerly) to intersection with the Old Dublin Road.

***Prospect Street:*** Seventy-five per cent of the street.

***High Street:*** From MacDowell Road, passing Golf Club and Colony House, and continuing on the road leading toward the Mitchell Corner (so-called), to the south bound of Currier (formerly Hunt) land.

***Summer Street:*** To the south bound of Currier (formerly Hunt) land.

***Depot Street:*** Establishment of angle points on west line.

***Concord Street:*** From Sand Hill Road to Stone Bridge at North Peterborough.

***Old Dublin Road:*** From Elm Street westerly to a point near the west bound of Santerre (formerly Adams) land.

***Old Grove Street:*** From Munkittrick Crossing to Iron (Morrison) Bridge near residence of Waite; thence southerly to Morison Four Corners; thence northeasterly by Powersbridge Road, so-called, passing Batchelder Bridge, to Bleak House Corner.

***Wilton Road:*** Route 101, Bleak House to Granite Street.

***Bridge Street:*** Granite Street to Grove Street.

***Winter Street. Nubanusit Lane.***

***Vale Street. Laurel Street.***

Scott Street and Central Street, partially. ***Vine Street.***

Maps of the above surveys are in process of preparation, and their completion is included in the appropriation above mentioned.

Respectfully submitted,

FREDERICK PHILLIPS, Engineer.

## REPORT OF THE TOWN PLANNING BOARD

During the past year the Town Planning Board has held its regular meetings in Room 5 of the Savings Bank Building and in the Town House. The meetings of the planning board as well as its records are always open to the public.

The information obtained from the street surveys has been of real value to the planning board. It is hoped that the town will continue this work so that an official town map may be made.

From July through November the planning board secured the technical assistance of Earle D. Fraser to undertake some studies essential to the development of a comprehensive town plan. A resume of these studies is given here as a matter of public record.

### LAND USE SURVEY

Type	Approximate Acreage
Agriculture and forest	23040
Public reservations	400
Private reservations	790
Water	190
Single family residences	210
Multi-family residences	180
Manufacturing	25
Business	15
Total	24850 acres

Less than 3 per cent of the town's area is "built-up." From a study of the U. S. Census figures of 1929-30 it was found that the average size of the farms (237 acres) was about twice that of New Hampshire and Hillsborough County, but the percentage of productive crop land per farm (11%) was about half of the state and county averages. The population density was about 65 persons per square mile as compared with 52 for the state and 132 for New England.

For the last generation the population growth has been very erratic, consequently a forecast of the population for a generation ahead is full of uncertainties. However, assuming similar conditions, there would probably not be over 3000 people living in Peterborough by the year 1970.

Sketch maps were prepared showing land and building valuations, fire locations, population distribution, location of the town poor, roads, water lines, schools and soil types.

The zoning committee held many special meetings during the year, studying the information as it was assembled and preparing a proposed ordinance. It was noticed that not much expansion

of the business and residential areas is to be expected during the next quarter century. A proposed zoning ordinance has been carefully prepared. Advertised public hearings are now being held on the suggestions to determine if they are in accord with the citizens' desires, and to make sure that no unnecessary hardship would be caused by the enactment of such an ordinance.

During the coming year the planning board hopes to be able to spend more time in developing co-ordinated plans for the town's streets and utilities. The regular monthly meetings of the planning board will be held on the last Monday of each month.

Respectfully submitted,

FORREST C. MERCER

WALDRON C. WHITE

# School Warrant

THE STATE OF NEW HAMPSHIRE

*To the Inhabitants of the School District in the Town of Peterborough, qualified to vote in District Affairs:*

You are hereby notified to meet at the Town House in said District on Wednesday, the second day of March next, at 7:30 o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator for the ensuing year.
2. To choose a Clerk for the ensuing year.
3. To choose a Treasurer for the ensuing year.
4. To choose two auditors for the ensuing year.
5. To choose a member of the School Board for the ensuing three years.
6. To hear the reports of agents, auditors, committees, or officers heretofore chosen.
7. To raise and appropriate such sums of money as may be necessary for school purposes for the school year 1938-1939.
8. To choose agents and committees in relation to any subject embraced in this warrant.
9. To see if the District will transact any other business that may legally come before this meeting.

Given under our hands this fifteenth day of February, A. D. 1938.

KARL B. MUSSER  
HAZEL Y. BUNCE  
DONALD K. MCLEOD  
School Board of Peterborough

School Board of Peterborough

**REPORT OF THE SUPERINTENDENT OF SCHOOLS TO  
THE PETERBOROUGH SCHOOL BOARD**

I submit with this, my fourth annual report, the schedule of teachers for 1937-1938, the statistical summary of Peterborough School District, the financial report, and the other reports concerned with the school department.

The following table of the enrollment of the Peterborough schools for a period of ten years, with a tabulation of the elementary and high school tuition pupils during that period may be of interest.

During that period the elementary grades (1-8) have decreased from 425 to 246, while the high school enrollment increased from 138 to 223 in 1932-33, then decreased to 178, and stood at 182 at the opening of the present school year.

Starting in 1928-1929 with nine elementary and 13 high school pupils, the number of tuition pupils increased to 10 elementary and 53 high school students last year, and the registration for the opening of the present school year showed 16 elementary and 58 high school tuition pupils, a total of 74.

ENROLLMENT OF PETERBOROUGH SCHOOLS 1928-29 TO 1937-38

High	55	55	47	53	58
Total	70	63	56	63	74

Due to the changes and transfers of teachers at the opening of the school year we have had five new members of our teaching staff, one who resigned at the Christmas vacation, and two others transferred at the opening of the school year to other grades than those which they taught last year.

While this is a larger overturn than has occurred for some time, I wish to express my appreciation of the work done by these teachers in their new positions, as well as of the continued faithful service rendered by those who have been with us for a longer period.

The work done in the several departments of the high school has been quite fully set forth in the report of Headmaster Forbes. These courses are being effectively carried on, and every effort is being made to strengthen them wherever possible.

In former reports I have called attention to the need of giving the closest possible attention to the organization and work of the Junior High School in order to help these pupils to adjust themselves to the work of these grades without undue loss of time.

The organization of this department has been given careful attention during the past year, and in spite of the necessary changes of teachers in these grades, I believe distinct gains have been made.

We have, during the present school year, been trying to bring about a closer working arrangement between the grades of the Central School and the high school. Pupils from the Central school have attended assemblies at the high school on several occasions, and I feel sure that the teachers and pupils of both schools have enjoyed these visits.

I also appreciate the co-operation of the teachers of the Central school in supervising the playground activities of their pupils during the recess periods.

Peterborough is conveniently located to care for the more than fifty pupils who come to our high school from surrounding towns. The equipment of our school and the reputation that Peterborough High School has borne for many years has encouraged parents from these neighboring towns to send their boys and girls in increasing numbers to this school.

The past twelve years has seen a tremendous increase in the high school population through the country, and with this increase has come a demand for a more general course than was the case when the high school was purely an academic institution whose dominant function was preparation for college. Today the dominant objective has become the development of citizenship.

The increase of almost 100 per cent in high school population in twelve years has greatly increased the cost of secondary education, due not only to the increased number of pupils but also to the greater variety of activities. The machinery for industrial arts, home economics, and commercial courses is more expensive than textbooks, stationary desks and inkwells.

Unfavorable comparison is often made between high school education in the United States and secondary education in European countries. These critics lose sight of the fact that in the United States more than 66 per cent of the youth attend high school whereas in Europe only from 8 to 10 per cent go to the secondary schools.

The problem here is not how the individual may be educated, but how all who demand secondary courses may be educated.

The enrollment in the Central school is slightly larger than last year. The smallest enrollment is twenty-three in grade four, and the largest is thirty-five in grade five. The grades in this building are doing excellent work.

West Peterborough has eighteen pupils enrolled in the first four grades. There are three pupils in grade one, six in grade two, three in grade three, and six in grade four.

During the spring term of 1937 a Harvard-Boston University extension course was offered at Peterborough High School for all teachers in this vicinity who were interested. These meetings were held weekly from March to the middle of May between four and six each Tuesday afternoon. Over sixty teachers enrolled, and the attendance was large at all the lectures. A credit of one semester hour was earned by all who completed the course.

I hope that all interested citizens will read carefully the reports printed at this time. We welcome visitors to our schools. Parents are urged to visit and see for themselves how their schools are conducted.

I sincerely thank the school board, teachers, pupils, parents and all citizens who have so generously helped in the work in which we are engaged.

LEWIS S. RECORD

Superintendent of Schools

February 12, 1938

#### REPORT OF HEADMASTER TO SUPERINTENDENT LEWIS RECORD

I submit, herewith, my first report as headmaster of Peterborough High School.

My first objective in taking over the duties of administrator in the high school has been to study the system as it has been operated and to determine which procedures are producing satis-

factory results and to locate the weak spots as they appear to exist. The next step has been to point out such weaknesses and then create a desire among the faculty and in the student body to bring about gradual changes which will strengthen the whole organization. The chief purpose underlying this study is to produce a well-balanced public school system in which no one department or phase of work is emphasized at the expense of some other one. It is our endeavor to organize and operate this school not alone on the principle of preparing the students for life after graduation but rather so that they may take a real enjoyment in all contacts in the school so that each student may feel that he is really living while in school and not merely preparing for that which is to follow.

We are trying to meet the needs of those who wish to prepare for post-secondary institutions and at the same time not lose sight of the many needs and rights of those who will terminate their active educational pursuit on completion of the required work in this school.

The type of training offered to our students should prepare them in two vastly different fields and it is difficult to judge which is really more important. During the six years in this institution every boy and girl should be prepared to do better those things which he will probably do anyway after leaving school. The vast majority of our students will be called upon to earn all or a part of their livelihood in later years and their earning capacity should increase according to the effort put into school work and the resulting accomplishments.

In looking at the other side of our work we are endeavoring to give a liberal amount of cultural training so that the individual after leaving school may with greater ease make the necessary adjustments to the environment in which he finds himself. In many cases the study of foreign languages may not justify itself on the basis of financial return but the pleasure, pride and self-assurance which comes from the mastery of a foreign language is ample compensation for all expended energy.

Last year the State Department of Education established a committee consisting of outstanding English teachers in the state for the purpose of studying the old English curriculum. After a year of intensive work, this committee has produced a new curriculum which is more modern and is designed to meet the present day requirements in this field. The old English curriculum set up definite standards of accomplishments which were to be made by all classes regardless of ability. The new committee allows a teacher a much wider use of her own judgment in adapting her material to the interest, experience, need and ability of her class. The older standards tended to emphasize quantity of work covered rather than quality of work accomplished. The old curriculum was fairly limited by the older classical standards of formal grammar and literature. The present curriculum allows for the recog-

nition of a changing language and emphasizes literature written since 1850 as being more within the range of the pupils' experience.

Work in the field of Social Sciences seems to be taking a more prominent part each year in the educational systems of the country, and economics and sociology are no longer considered as fads but have a real place in our program. In these courses the pupils learn how to adjust themselves to the social and economic conditions without the embarrassment of going through the trial and error method. The work in history is becoming more socialized with stress being placed upon the importance and significance of events in their order rather than studying history as a series of wars seasoned with numerous dates.

The Commercial department is rendering a real service to the school and community. Students in this department are given an intensive training which prepares them for work locally without the expense involved in post-secondary commercial schools. Members of the Office Practice class care for a larger part of the routine work in the office which makes it possible to accomplish much more than could be done otherwise. Each teacher has one or two commercial students assigned to her in the capacity of secretary which gives the student an opportunity for excellent training and also gives the teacher much valuable assistance. Many of the business establishments in town have taken members of the Office Practice class for part of each consecutive day in a week. They have given the students a chance to familiarize themselves with the type of business and in return the student has worked on assigned tasks so that the business in question may receive some compensation in return for the opportunity offered. This has made it possible for students interested in the commercial and business fields to go through a real exploration course much more practical than anything we could offer at the high school. The student in this case can ascertain from direct experience the type of training necessary for entry into a business venture.

We are grateful for the spirit and co-operation shown by the people of Peterborough, and without their help this practical and direct training would be impossible.

The Manual Training department is meeting a real need in our school system and the boys whose interests do not lie in academic channels may still be offered something which is interesting and extremely practical.

This fall the addition of a new woodworking lathe, supplemented with some small tools has greatly increased the range of activity in this department. At the present time we are handicapped by a lack of room and also a limited supply of electrically-driven machines and small tools. Until there is more space available for this type of work, it is not advisable to make a great increase in the quantity of equipment. If we had more room, it would still take three years for this department to reach the proper degree of expansion so that it would be meeting its full requirements.

A good Manual Training department will do more to keep boys in school and interested in their work than any other type of training offered in the high school. The boy who would ordinarily drop out of school invariably finds something to do in the shop which will keep him interested and at the same time prepare him for the trades in case this should be his selection of a vocation.

The Home Economics and Practical Science departments serve to balance the school curriculum and each one has carried on projects which call for self-reliance and constructive thinking. One of the classes in home economics is preparing a reception room in the school which called for a working knowledge of interior decorating and when completed will serve a very useful purpose.

This year a new course in Practical Science has been adopted which is designed to free the classes of physics and chemistry of those students who are not going to college but still wish to have a working knowledge and general understanding of practical science. This course does not include much laboratory work and many of the technical details have been omitted.

All students who are taking work in the department of Mathematics are receiving excellent training and will be adequately prepared for work expected of them in the colleges and universities. Their training goes far beyond the minimum standard established by the State Board of Education, a few examples being the study of the transit given to the school some time ago, a working knowledge of the slide rule, and a study of the sextant.

The courses offered to the Junior High School are designed to be of an exploratory type in which the pupil may find himself and be able to exercise better judgment in the selection of high school subjects. The course in occupations is designed to take the pupils through a brief description of many occupations and industries so that they may familiarize themselves with the requirements of each. The pupils in the Junior High School are passing through a period of orientation in which they are very active and open to suggestion. At this age they require more careful guidance than at any other time, which is a real challenge to the most skillful teacher. It is our wish to direct and not discourage this abundance of healthy enthusiasm.

In a recent report of the National Amateur Athletic Association it is interesting to note that only twelve of the schools in the state have trained instructors in the department of Physical Education and that nine of these are women. Peterborough is to be commended for having one of these nine and the work which is being carried on justifies the support of such a program. We have tried to have athletics hold its proper place in the extra curricular activity program and feel that the purpose is adequately served, for very few student bodies exhibit such a fine spirit of sportsmanship and clean play. The physical development of a boy or a girl is too frequently neglected with the possibility of a retarded mental development.

The school nurse and doctor have co-operated with all branches of the school in detecting and correcting physical defects. A small amount of absences due to communicable diseases is a tribute to their constant vigilance.

The understanding and appreciation of music is an important part of any well-balanced school program and it is our hope that more individuals may take private lessons so that the orchestra, which is already in its formation, may continue to grow.

The reports presented by the supervisors of music, and physical education, and the doctor and nurse amply cover the work in these fields.

The per cent of attendance has been below the state average in the past. It is difficult for the teachers to accomplish all they should in the development of a pupil unless the attendance is quite regular. At the present time a contest is being conducted to see which class will have the highest per cent of attendance for the week. This is one place where the parents may be of material assistance and we sincerely seek their full co-operation.

Weekly assemblies are designed to develop special individual talents which do not otherwise receive adequate attention. A series of assemblies is now in progress which includes our local people as guest speakers. Different phases of business and economics are explained to the student body by these people. Work in these assemblies is closely correlated with that of the class in Junior Business Training.

No school system is complete today without an active guidance program. Miss Schaedel has been appointed as Guidance Director for the girls while the headmaster works with the boys. In conjunction with the parents and pupils a selection of college, normal schools, universities, hospitals, trade schools, or other types of institutions are selected. After the selection it is the duty of the guidance director to determine the course in the high school which is necessary for meeting entrance requirements and also see that the pupil's scholastic work is of such a quality that it will be acceptable to the selected institution. If the student is not to enter a post-secondary institution, it is necessary to give adequate vocational guidance. Many unusual problems are handled by the directors and it is our object to see that the pupil is socially and educationally adjusted to the school without retarding his individual development.

The support which has been given by the Superintendent of Schools and School Board, combined with the loyalty and faithful work of the faculty are deeply appreciated and have made it possible to effect a successful and harmonious school year up to the present time. The lack of friction and spirit of friendliness between the teachers is a factor which can not be overvalued.

Respectfully submitted,

ERNEST F. FORBES

Headmaster

### *Report of the Central School 1937-1938*

The enrollment of the Central School is 169. There are twelve tuition pupils transported from Sharon.

Eight children entered the fifth grade from West Peterborough, and eight from there are now in the sixth grade, making sixteen pupils enrolled from West Peterborough.

#### CHANGES IN THE STAFF:

Miss Margaret Bonnette filled the position left vacant in the sixth grade by the resignation of Miss Ethel Mitchell.

Miss Marion Bergeron filled the vacancy left in the fifth grade by the promotion of Miss Bonnette.

Mrs. Dena M. Churchill was transferred from the Junior high grades to the principalship of the Central School.

#### AIMS AND OBJECTIVES OF OUR SCHOOL:

1. To cover our State Program of Studies
2. To work and work hard for good posture
  - a. By corrective exercises
  - b. By being constantly posture minded
  - c. By eliminating wild hand raising in the classroom  
Proper sitting positions with hands folded substitute the hand raising
3. To work happily together as one big family
4. To develop character
  - a. Through good sportsmanship
  - b. Through good citizenship
  - c. Through good manners

#### OBJECTIVES IN REMEDIAL WORK:

1. To help the retarded pupils so that they may keep up with their grades.
2. To make it possible for the teacher, who ordinarily would have to take class time for this work, to give more attention to the advancement and development of the unretarded.

#### THE DAILY SCHEDULE:

- 9:00: 9:15—3rd Grade Arithmetic
- 9:15: 9:30—6th Grade Arithmetic
- 9:30: 9:45—1st Grade reading class
- 9:50:10:15—4th Grade Arithmetic
- 10:15:10:30—Recess
- 10:30:10:45—5th Grade reading or Arithmetic
- 11:00:11:15—2nd Grade reading class
- 1:15:1:30—2nd Grade reading class
- 1:30:1:45—1st Grade reading class
- 1:45:2:15—6th Grade reading class
- 2:15:2:30—5th Grade reading class
- 2:50:3:15—4th Grade reading class

**IMPROVEMENTS:**

A fire siren was installed in September. There are three control buttons, one on each floor. This is greatly appreciated.

Several nice sets of workbooks, text books, and maps have been given us. The teachers and pupils are very grateful.

A new playgound schedule has been worked out very successfully. Two teachers go out upon the grounds each day to supervise the play and to have fun with the children. The teachers feel this a fine opportunity for them to teach manners, fair play, and all around good citizenship. This carries over into the classroom.

**BENEFITS RECEIVED FROM VARIOUS ORGANIZATIONS:**

Cod Liver Oil is served daily to fifty-three children. Hot-dish at noon is served daily to forty-five children. Milk and crackers given daily to thirty-five underweight children.

Mittens are sent in to be kept on hand for children getting wet noon hours and at recesses. Clothing has also been given.

At this time we should like to extend a word of thanks to Mr. Dole, our janitor, who is always willing to help in every way at all times.

The pupils and teachers also wish to thank the people of Peterborough who so generously give for the welfare of the children at the Central.

Respectfully submitted,

D. M. CHURCHILL, Principal

---

***Report of the West Peterborough School***

The attendance this year of the small group of thirteen boys and five girls at the West School has been unusually good. This record includes forty days of perfect attendance.

There have been no outstanding events this year. Good interest and good effort has been shown in the daily work. The contribution to the health of the children, which is brought about by the gift of milk and cod-liver oil given by those who have the best welfare of the children much at heart, is, as in former years, truly appreciated.

Outside of one of the windows on the west side of the school-room is a large shelf on which is fastened a small fir tree. On these is kept a supply of cracked nuts, bread, suet and sunflower seeds. These are most welcome to the several varieties of birds that fly back and forth many hours of the day. The birds enjoy this free lunch service and the children enjoy watching the birds.

Respectfully submitted,

KATIE F. NICHOLS

### *Music Supervisor's Report*

#### WEST PETERBOROUGH SCHOOL

The music supervisor goes to the West Peterborough School twice a week, on Mondays and Thursdays from 8:30 to 9:30. The four grades are divided into two groups; the first and second grade group, and the third and fourth grade group. Each group is given half hour instruction. The state course of study is closely followed and the groups have shown a marked improvement within this past year. These pupils will plan to present part of the program for May Day, as usual!

#### CENTRAL SCHOOL

Musical instruction is given in each of the first six grades, three times a week. In the first three grades, song and theory is taught twice a week, and rhythm and appreciation once a week. Along with the required music course, there is a boys' a capella choir, and a special toy band.

The boys' a capella choir was organized this year and is a talented group selected from the fourth, fifth and sixth grades. There are fifteen boys in it this year and all the choral work is done without accompaniment. This choir has given many the chance to see the beauty that there is in a boy's voice. Also, this choir has given the boys more confidence in their own voices.

There are twenty students in the special toy band, this year, selected from the first three grades. The toy band practice once a week and is at present getting started on Spring work.

#### JUNIOR HIGH SCHOOL

The Junior High students are required to take music three times a week. The seventh and eighth grades have separate classes twice a week and a chorus period together once a week. This year, more individual and part-singing has been stressed than ever before. The seventh grade students conduct a Musical Amateur and a Singing School, alternating every two weeks. All the conducting is done by the students, at that time. A student-accompanist has helped out a great deal in the combined chorus group.

This year, an Harmonica Club has been organized especially for the Junior High students. The purpose of the club is to teach the students how to play an harmonica. As soon as there are enough students who play fairly well, an Harmonica Band will be instituted. This band will probably include High School students as well.

#### HIGH SCHOOL

The High School music consists of a girls' chorus, a boys' glee club, a class in conducting and an orchestra. The girls' chorus together with the boys' glee club and Junior High combined

chorus presented a cantata and pageant for the Christmas program. The customary candle-light processional and recessional was used, along with the carol singing and cantata of the different groups.

This class in conducting is held after school hours, generally on Wednesday afternoons. The purpose of this class is to acquaint the pupils with the technique of the baton. One of the students is already conducting the hymn singing at the assemblies.

We are very proud to have an orchestra this year, after a gradual building up for this. It is a ten-piece orchestra consisting of seven violins, a French horn, a saxaphone, and drums. Orchestra rehearsals are held once a week, and the orchestra will play for the assemblies very soon.

#### THE ASSEMBLY

The assembly has become more formal this year than in years past. A certain number of students have charge of the assembly each week, and a part of the scripture is read with a hymn following, then the program. Hymn books have been made and are brought to assembly each time.

#### MUSIC BOOKS AND RECORDS

We are very fortunate in having such an up-to-date set of music books throughout the music courses. These books enable the pupil to continue from one grade to another without breach of thought.

The victrola records are safely kept in a new record cabinet, which was made for us this year.

FAITH E. WOODBURY  
Music Supervisor

**Physical Education Report**  
**March, 1937, to February, 1938**

**HIGH SCHOOL**

**Membership:**

84 high school girls—two forty minute periods a week  
23 junior high school girls—two periods  
29 junior high school boys—two periods  
10 permanent excuses granted by doctor  
4 program conflicts

Class work at the high school has included marching tactics, Danish gymnastics, tap dancing, folk dancing, games, relays, and especially work on posture. Emphasis has been placed on the Danish exercises in order to obtain the flexibility and strength upon which all correction of faulty posture is dependent. Team games requiring agility and coordination as well as cooperation have had their place in the program.

It is suggested that if the classes were graded so as to have all the freshmen together, all the sophomores in another class, etc., a more progressive plan could be put into effect. Since physical education work should be planned from year to year thus making each year a little further advanced than the one before, this seems to be a worthwhile objective.

Due to the necessity of so many pupils leaving on the busses immediately after school, there are not as many individuals able to take advantage of the opportunity to play on the teams which require after-school practice and games. In the spring, the Junior High boys went to Milford for a Play Day. During the fall, they participated in a tournament of aerial darts and one of tenniquoit. Class teams which took part in a spring volley ball tournament included 45 girls. Field hockey in the fall had 25 girls, all of whom played on one of the two regular teams during a schedule of six games with other schools. Proceeds from basketball provide the equipment for the hockey games, but the care of the field, the cutting of the grass and the lining of the field have been done by the players and a few of the high school boys. We are greatly indebted and very much appreciate the kindness of the parents and friends who provided transportation for the out of town games. The basketball season started with 23 girls, and two squads are continuing the present season, playing both first and second team games.

**CENTRAL SCHOOL**

Every student enrolled participates actively in physical education classes, grades 1, 2, 3 having three thirty minute periods a week, and grades 4, 5, 6 having two a week. Emphasis this year has been on posture improvement in all grades. This has

been the primary objective, achieved through exercises, games, dancing and marching. With the knowledge of what good posture consists and how to correct his own by work done in the regular physical education class, aided by the class-room teachers who give breathing exercises and short relief drills both in the morning and in the afternoon, each child has definitely shown improvement.

#### WEST PETERBOROUGH

One forty-five minute period a week is given to the West Peterborough school. Marching, exercises, dances, games, and posture work are all included in the program. Last May every child took part in a May Day program given at the Town House in conjunction with the Central School program.

School visits made by Citizens	236

## SCHOOL BOARD REPORT

The chief function of the School Board is to maintain an educational system, modern and efficient, and fully in line with what the citizens have a right to expect. This educational system must be maintained at a cost which is not excessive and under the leadership of a progressive and energetic faculty.

The opportunity for reducing expenses exists only with that part of the budget not carried as fixed charges. Essentially if the Peterborough School Budget is pared, the axe falls largely on teachers' salaries. Low salaries do not attract the type of instructors we desire. Over a period of years the budget on teachers' salaries has declined to a point where, if we are to hold a capable staff, some increases should be properly made. This year the budget calls for an increase of five hundred dollars, not a large increase when considering a staff of twenty-one teachers.

It is not economy to allow serious damage to our buildings due to lack of minor repairs, and an increase of two hundred seventy-five dollars in this budget is desirable. One of the most needed additions, and one which will save the taxpayers money over a period of years, is the addition of a vestibule door at the High School. At the present time the opening of the front door provides a tremendous draft of cold air to chill the building. It is planned to erect a safety glass partition in the front hall.

The amount of insurance carried has been increased to \$91,600.00 an increase of \$15,800.00, providing more nearly replacement cost.

Transportation costs will show a decrease for the next three years based on bids just received.

The net budget is \$115 over last year. Actually the School Board throughout the year have interested themselves in such economies as will not work a hardship in succeeding years, and which can be made without injury to the educational system.

During the past year several items of new equipment were added, including a much needed fire alarm in the Central Building, a lathe and new wiring in the shop together with other minor items.

The chief item on repairs was the caulking on the roof and coping of the High School building. Smaller items were repairing plaster, painting, repairs on the heating equipment, the time clock, and chairs.

The student population is as follows for 1937-1938:

Elementary, Grade 1-8—246

West—Grade 1-4—18

High School—Grade 9-12—182

Tuition pupils in the High School this year came from the following towns:

Chester	1
Greenville	1
Stoddard	1
Randolph, Vt.	1
Sharon	4
Harrisville	8
Bennington	7
Francestown	10
Dublin	13
Greenfield	12

There are twelve tuition pupils from Sharon in Central School.

The number on the teaching staff remained the same. However, due to resignations the following new members were added to the staff—Headmaster Ernest Forbes, Headmaster of Sunapee High School; Mr. Horace Turner, teacher of science in Norwell, Massachusetts; Miss Helen Foss, teacher in Junior High at Weare, New Hampshire, and Miss Marion Bergeron, Keene, New Hampshire, in the fifth grade. After seven years of faithful service to the Peterborough Schools, Mrs. John Fitzgerald resigned and Mrs. Dena Churchill, Junior High teacher was promoted to the Principalship of Central School. Mrs. Katie Nichols carries on the work at the West School.

It was very evident during the year that the teaching staff worked together and in every instance had the interest of their pupils at heart. The personal gratification which they receive from their students as a result of their deep sincerity of purpose, far exceeds any appreciative words which might be added to this report.

The health of the pupils is a concern not only of the school physician, Dr. Cutler, the nurse, Mrs. Myhaver, but is also the constant thought of the teaching staff and the Parent-Teacher Association. With the cooperation of local organizations it has been possible to supply medical and dental care, hot soup, milk, and cod liver oil. Results of this work are apparent at the present time. It remains, however, for future years to produce even larger dividends from present investments. Emphasis on good health posture, which costs nothing, has been paramount during the year.

Along with this type of work has been the remedial work done in the Central School where the Principal holds twelve classes a day.

The School Board has worked for closer contact between the pupil, teacher, school, and parent. A special day set aside for visiting has been helpful and well attended. Parents are urged to confer with the principals, teachers, or School Board on all matters which can be of assistance to the child.

The Senior Class of 1937 presented the High School a plaque in honor of the many years of service given to the Peterborough Schools by Mrs. Jennie H. Field. Dedicatory exercises were held and the plaque erected permanently in the lower hall.

The Peterborough-Jaffrey Supervisory Union has continued with Lewis S. Record as Superintendent. The office is maintained in Peterborough. The addition of another teacher at East Jaffrey has slightly decreased the pro-rated expense to Peterborough.

The right kind of person for Janitor in a school is of greater importance than casual observation might indicate. Peterborough has great fortune in having men of character in this position which is constantly in close contact with her pupils.

The year has been very satisfactory in every respect, and the Board wishes to take this opportunity to thank parents and citizens for their cooperation.

There have been a number of changes in many activities in the Schools and for the citizens to appreciate these changes is of paramount importance. We, therefore, urge close attention to the appended reports with their detail sufficient to complete the picture.

**REPORT OF SCHOOL PHYSICIAN AND SCHOOL NURSE**

TO THE SUPERINTENDENT OF SCHOOLS AND BOARD OF EDUCATION  
Town of Peterborough, N. H.

The following is the Health Report of the Peterborough Public Schools for the school year ending June 18, 1937. The report is based on the 400 children now in the schools.

Defects found by the medical inspector:

Defects	Corrections, advice or treatment (Including corrections made during the summer)	
Teeth	136 (54 of these at dental clinics)	104
Tonsils	32 (9 of these at tonsil clinic)	15
Vision	33	18
Hearing	2	1
Orthopedic	7	6
Anemia	2	2
Skin conditions	19	19
Enlarged glands	2	
Pediculosis	6	6
Nervous disease	1	1
10% underweight	102 Gained in weight	94

Wearing glasses (Sept. 69, June 85). Glasses refitted during the year 36. Seven other children had their eyes examined, but glasses were not necessary at present.

Besides the 104 students who had dental corrections, there were 95 others who had dental attention.

Children referred to the State Welfare	2
Children accompanied to own doctor	3
Children accompanied to the dentist	4
Cases referred to the State Nurse for this district	3
Business letters	58
Notices of defects sent to parents	164
Individual inspection and first aid by the medical inspector	81
Communicable diseases	4
Pupils excluded	45
Individual inspection by the school nurse	898
Number of visits by the school nurse	358
Inspection of class rooms by nurse	46
Talks by the school nurse	9
Home visits	105
First Aid by the nurse	285
Business calls	38
Phone calls to and by the school nurse	216

## School Nurse conferences:

Official	51
Headmaster	98
Principal	132
Teachers	238
Pupils	1278
Parents	28
Miscellaneous	9
Committee meetings attended by the School Nurse	2
Number of students weighed during the year	1757
Number of students measured during the year	912

Weight charts have been made out for each class room and for Junior and Senior High School classes. Heights and weights of students have been checked twice. In the grades students have been weighed each month. Of the 400 now in school, 102 were 10% under weight in September. Of these 94 gained and 2 lost during the year.

Attendance has been checked and calls made as necessary by the School Nurse. There have been no communicable diseases in the Peterborough Public Schools the second term, except colds. It has not been necessary to exclude any children on account of communicable diseases.

3,837 bottles of free milk were distributed to pupils at West Peterborough and Central schools. This service was begun December 7 and ended May 14. This service was made possible through the contributions of the American Red Cross, The American Guernsey Cattle Club, and the Orchard Hill Farm.

The service of Hot Soup under the direction of the principal at Central School was begun January 11, and continued until April 16. This was cared for by the Community Student Health Fund until April 1. Through the kindness of Mr. Musser this service was continued until April 16. Daily average of children taking soup or cocoa was 44.

The daily average of children taking Cod Liver Oil was 98, at West Peterborough, Central and Junior High Schools. This service was continued until May and was cared for by the Community Student Health Fund.

A summary sheet of defects found has been made out for each grade teacher. A chart showing the defects of all school children has been in the Nurses' room. This was available to Headmaster, Principal, and Teachers, at any time, that they might check up on physical defects of any student to know whether some physical defect might be a cause of failing work. Health cards and disease census cards have been filed for each child upon entrance to school. Health posters have been distributed to grades 1, 2, and 3 to stimulate interest in Cleanliness program. Health inspection has been carried on each day by the class room teacher. A Health play

was given under the direction of Mr. Warren assisted by Mrs. Churchill at a High School Assembly. There were also health plays in some of the grades. Examining robes for students were made by the Domestic Arts class under the direction of Miss Thurlow.

Notices of consent slips were sent to all parents who wished to have their children cared for at the dental, eye, tonsil, chest, ear, and habit clinics. Children were accompanied by the School Nurse, to the following clinics, dental, eye, tonsil, chest, habit, and ear.

CLINICS; No.	By WHOM	WHERE HELD	No. EXAM.	No. TREATED	SPON-SORED BY
Dental 7	Dr. Wilkins	Peterborough Office	18	18	The Community Health Fund
Dental 6	Dr. Kyes	Peterborough Office	40	36	As above
Eye 3	Dr. Eades	Keene Office	58	54	As above
Eye 1		Mass. Gen. Hos.	1	7	The Rotary Club Transported by Local Pub. Welfare Com.
Ear 5	Dr. Eades	Keene Office	1	1	The Rotary Club Transported by Community Student Health Fund
Habit 4	Dr. Schneideker	Concord, N. H.	4	1	Com. Health Fd.
					Recommendations made
Tonsil 3	Dr. Morse & Dr. Cutler	Peterborough Hos.	7	7	
Tonsil 2	Dr. Clark & Dr. Cutler	Peterborough Hos.	2	2	Com. Health Fd.
					\$6.25
					13.00
					1.50
					<hr/> \$20.75
Received by School Nurse from parents for dental clinics					
Received by School Nurse from parents for eye clinics					
Received by School Nurse from parents for transportation					

Ninety students were examined by Dr. Kerr, State Department of Health, at the Chest Clinic under the direction of the New Hampshire State Tuberculosis Association and the School Health Department, High School girls, assisted at the Chest clinic taking charge of records, weighing and measuring children and assisting in the dressing room.

The School Nurse attended Skin Testing Clinics for Tuberculosis at Bennington and Hancock High Schools, under the direction of the New Hampshire State Tuberculosis Association. It is hoped that this may be attempted in Peterborough Schools, sometime.

There have been but four contagious diseases in the Peterborough Public Schools this year. We have had none reported at the West Peterborough school, and none reported at the High School.

The following is the Health report of the Peterborough Public Schools for the first part of the school year, beginning September 8, 1937 and ending January 31, 1938.

This report is based on the 406 children now in school.

			396
	Defects Found by the Medical Inspector	Corrections	
Defective teeth	121	Dental clinics have been arranged for February 2, 9, and 10th. Dental corrections      22 Dental care            52	—
Enlarged tonsils	22		74
Orthopedic	6		1

---	----

Free milk distributed at West Peterborough and Central Schools, sponsored by Community Student Health Fund, begun December 13.

Number of students taking daily average	45
---	----

Hot Soup begun at Central School January 10. Sponsored by Community Health Fund under the direction of the principal.

Number of students taking soup	45
--------------------------------	----

Attendance checked.

Health Records made out.

Individual and class room weight charts have been made out.

Disease census cards made out for those entering schools and for new pupils.

Summary sheets (Grades).

Health record for each student.

There has been a special examination by the school doctor of hockey and basketball girls, of teachers, janitors and nurse.

The time allowed for the work of the School Nurse is five mornings a week during the school year.

At this time the Medical Inspection Department wishes to express its appreciation to:

1. The boards of education, health, and public welfare (State and local).
2. The Parent Teachers Association.
3. The Rotary.
4. The American Guernsey Cattle Club.
5. The Samaritan Society.
6. The American Red Cross.
7. The Orchard Hill Farm.

The Medical Inspection Department also wishes to express its appreciation to all organizations or individuals, who sponsored or contributed to the Community Student Health Fund, and to thank the doctors, dentists, eye specialists, superintendent, headmaster, principal, parents, and teachers for their services.

We are also very grateful to all individuals and organizations contributing funds for shoes, clothing, and for other causes.

Respectfully submitted,

CHARLES H. CUTLER, M.D.

School Medical Inspector

OLA MYHAVER, R.N.

School Nurse

**FINANCIAL REPORT

**PETERBOROUGH HYMN  
A. D. 1620**

God our Father!  
Glory, Lord, to Thee!  
Before whose voice  
Is mute the thund'ring sea!  
Through wind and foam  
Thou lead'st us home—  
To Thee be glory through eternity.

Lord, hunger and cold are nigh!  
Lord, not for ourselves we cry—  
Let not our children die!  
Silence your loud alarms  
God is our shield from harms—  
He will make strong our arms.  
Christ, who hath calmed the wave,  
Christ will uphold the brave.

Christ, our Saviour!  
Father of our Faith!  
To Thee we bring faint hearts and failing breath,  
Be Thou our Guide!  
With Thee we bide,  
To love, to labor, and to hope till death!

**EDWARD MACDOWELL**
